We'll tell you everything you need to know about the features that makes AutoHideIP v5.6.2.6 Final Patch the best there is - from blocking ads & malicious scripts which can steal your browsing information, through upgrading browsers without installing new software, as well as creating a safe environment for kids against dangerous content. Click here for more info! This post was created with the help of Auto Hide IP v5.6.2.6 Final Patch. How To Use AutoHideIP To Stop Ads & Mask Your IP Address: 'Click here to watch this video' link above will open in new tab/window for you!

AutoHideIP Pro (formerly Auto VPN) is the top-rated VPN service that masks your IP address and encrypts your internet connection for security, privacy and anonymity. It works with IE, Firefox, Chrome, Safari, Opera and all mobile devices including iPhone, iPad & Android smartphones & tablets. It doesn't matter where you're in the world, just use a VPN to connect with our servers and change your IP address in a few simple steps. This is the best security that you can have when surfing the web - even when you're in a public Wi-Fi hotspot or being monitored by your ISP. I. General Information

Frequently Asked Questions (FAQ)

How to uninstall Auto Hide IP?

How to clear cache/data?

How to uninstall Auto Hide IP from my computer?

II. Setup Instructions for Windows XP, Vista, 7, 8 & 10 Users.

1. Click on the download button above to download the Setup program of Auto Hide IP v5.6.2.6 Final Patch on your PC. The size of this application is 14 Mb and it works on 32-bit versions of Windows XP, Vista, 7, 8 & 10 (both x86 and x64). 2. After the download is finished, a window will pop up asking if you want to run the program or save it. Choose "Save" and then double-click the downloaded file. The program will be saved in your Downloads folder. 3. Now run the downloaded file by double clicking it and press "Next" at the Setup Wizard window that opens up.

4. At the License Agreement window click on "I accept this agreement", and choose "Next".
